

GATE ARMS+

LIGHTED FOR SAFETY

LED-ILLUMINATED FOLDING BARRIER GATE ARMS

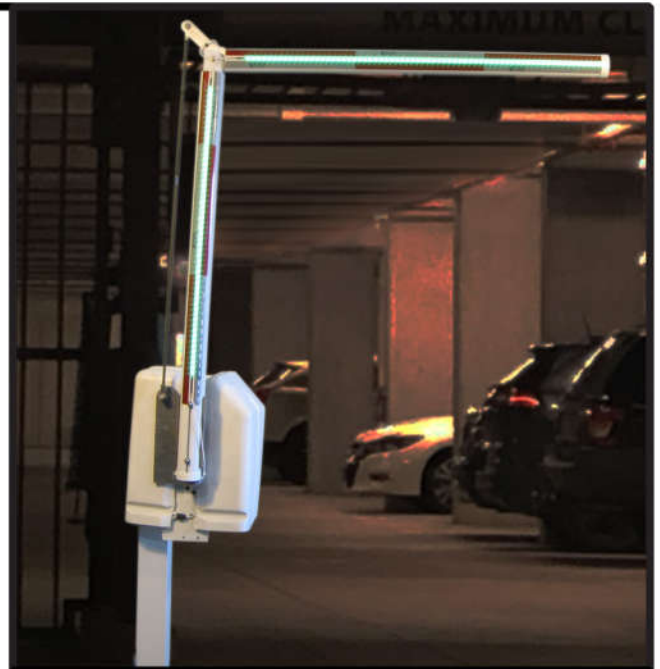

Avoid accidents and expensive equipment damage with LED folding barrier gate arms!

Product Details

Our LED folding barrier arm is designed to fold in the middle, ideal for low overhead environments like parking garages.

- 3" round aluminum arms with built-in LEDs
- Available in three (3) height options, single or double-sided
- Tough, industrial grade LED light strips
- Versatile, programmable LED controller
- Kits available for most gate operators

Our LED folding barrier gate arms should be used inside buildings where lighting is low.
