

GATE ARMS+

LIGHTED FOR SAFETY

LED SAFETY LIGHT KITS FOR HEAVY GATES & FLAT GATES

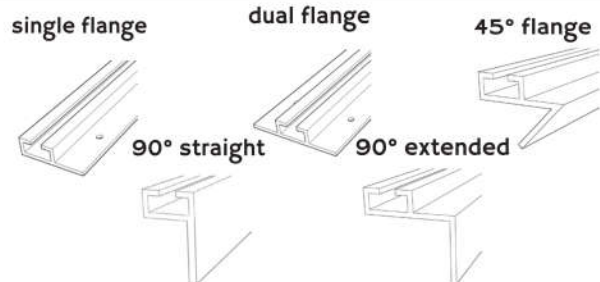

Heavy Gates Can be Dangerous - Every Gate Should be Lighted for Safety!

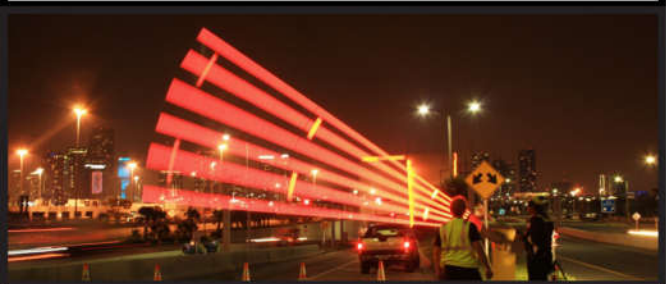

Product Details

Attach bright safety lighting to your non-lighted flat and heavy gates with our easy-to-install LED safety light kits.

- Lights up dark areas at night, increasing gate visibility for drivers, bicyclists and pedestrians
- Industrial-grade LED strips are red when closed, flashing-red while moving, and green when fully-open.
- Totally weatherproof and durable
- 5', 10', 15', 20' kits available, single or double-sided

Multiple mounting options for easy installation

Our super bright LED safety lights really command attention!
